| Bolt Torque | | | | | |
|--------------------|------|------|-------|-------|-------|
| DIAMETER (mm) | 5mm | 6mm | 8mm | 10mm | 12mm |
| NEWTON-METRES (Nm) | 5 Nm | 9 Nm | 22 Nm | 44 Nm | 77 Nm |

Let's get to work.

Installation

1. With the third row rear seats removed, place the cover over the mounting point.
2. Secure in place with the bolts. We supply new bolts in your kit, but the original bolts are a darker color and you might find they blend in better. There is a bit of adjustment in the mounting position. As you tighten the mount in place, ensure the gaps remain even.
3. That's it! All you have to do is add a strap and use your new mounts to secure anything you like in the back of your vehicle.

Local Knowledge & Assistance

We know half the fun of building your dream 4x4 is getting your hands dirty. But we also know that sometimes, things don't go to plan. If in the pursuit to build the ultimate setup you find yourself off-track, we're here to help you get unstuck.
