Let's get to work.

Installation

These side tables are designed to be snug, so don't be afraid to apply a bit of force during this install.

1. Push the outermost pin on the table down into the innermost slot on the side of the Weber arm.
2. Once down, pull firmly outwards, away from the BBQ.
3. Line up the remaining pin with the outermost slot on the Weber arm, push it firmly downwards to secure in position.
4. To drop the side table down, simply pop out the second/outermost pin. It will naturally hang in lowest point of the slot in the arm.

Local Knowledge & Assistance

We know half the fun of building your dream 4x4 is getting your hands dirty. But we also know that sometimes, things don't go to plan. If in the pursuit to build the ultimate setup you find yourself off-track, we're here to help you get unstuck.
