G8.8 Bolt Torque (Non-Lubricated)

DIAMETER (mm)	5mm	6mm	8mm	10mm	12mm
NEWTON-METRES (Nm)	6 Nm	10 Nm	15 Nm	22 Nm	35 Nm

Let's get to work.

Installation

1. First up, work out where you want to place your storage pod, bearing in mind you'll need space to get stuff in and out. The pod is compatible with the mesh found on Large Molle Panels and Cargo Dividers, as well as the underside of KAON Shelves.
2. Once you have placement decided, simply attach the pod using the provided bolts and nuts. If possible, we recommend attaching the pod to any products before installing them. If not, it's a little fiddly, but the holes make it easy to slip an allen key through.
3. That's it! Your new storage pod is ready to rock and roll.

Local Knowledge & Assistance

We know half the fun of building your dream 4x4 is getting your hands dirty. But we also know that sometimes, things don't go to plan. If in the pursuit to build the ultimate setup you find yourself off-track, we're here to help you get unstuck.
